

**Door Configurations:**

System	Plan View	Front View
SSBP2A		2-Panel System with Double Track 
SSBP3B		3-Panel System with Double Track 
SSBP4A		4-Panel System with Double Track 

**3D View of System**

Actual Glass and Frame will vary from rendering.

**Bypassing SS:**

The Bypassing Suspended System (SS) is a top-hung system, mounted to a header (Top Mount) and comes in a variety of finishes and panel designs.

This system does not have bottom guide that must be screwed into the flooring.

**The Suspended System is not available in standard sizes and is always a custom system.**

**Important Note:**

**\* Continuous wood header is required, see structural requirements section.**
